

From the Editor

Dear colleagues,

We have finalized 2022 with new Sociological Briefings about diplomacy in Colombia, the sociologies that scientists and citizens like and use, the divorce in South Africa, and the bribery in China.

The works underpinning the Sociological Briefings have been published in four journals: *Colombia Internacional*, *International Sociology*, *Social Work/Maatskaplike Werk*, and *Current Sociology*. All of them contribute to address sociological debates in the global scenario.

As in previous issues, I would like to invite sociologists from all over the world and in different stages of their careers, to send their proposals for publication in *eSymposium*. If you have proposals, suggestions, works in progress or other ideas, do not hesitate to share them with me and I will be very pleased to provide feedback.
